Title, Order

Authorizing the Allocation of \$2,551,851 in State and Local Fiscal Recovery Funds to Fund Infrastructure Costs to Support Housing Development

Summary

This Order would allocate the balance of unobligated ARPA funds as of July 29, 2024, in the amount of \$2,551,851, to fund infrastructure costs to support housing development.

For City Council Year 2023-2024, the City Council designated housing as it's primary goal. Over the course of the Council year, City Councilors have been supportive of investing in the infrastructure to support the development of housing within our community. Two examples include; infrastructure to support the development of housing at a 10 acre city-owned parcel on Grandview Avenue and addressing capacity issues of the KMart pump station area.

Prior to the commencement of any work where these funds would be the funding source, the details of the project and estimate will be provided via the City Council committee structure.
